

LIVESTOCK and POULTRY

LIVESTOCK

New York livestock producers marketed 345 million pounds of meat animals during 2000, up 18 percent from the 1999 total of 292 million pounds. Cattle and calf marketings were up 20 percent from a year earlier. Hogs and pigs were down 6 percent, while sheep and lambs increased slightly from the poundage sold in 1999. Meat animal cash receipts, totaling \$182 million, were up 39 percent from 1999.

Gross income from livestock during 2000, which includes the sale of meat animals and the value of home consumption, totaled \$186 million, up 38 percent from a year earlier. Cattle and calves accounted for 95 percent of this total.

Calf prices, averaging \$104.00 per hundred pounds liveweight (cwt.), were up 47 percent from 1999. Cattle prices, at an average of \$38.00 per cwt. during 2000, were up 8 percent. Gross income from cattle and calves during 2000 totaled \$176 million, up 39 percent from a year earlier.

Hog and pig prices averaged \$34.10 per cwt. in 2000, up 31 percent from the previous year. Gross income from hogs and pigs during 2000 totaled \$7.14 million, up 24 percent from 1999.

Sheep and lamb marketings, at 3.58 million pounds during 2000, increased slightly from a year earlier. Sheep prices averaged \$36.60 per cwt., up 1 percent from 1999. Lamb prices averaged \$91.70 per cwt., 10 percent higher than during 1999. Gross income from sheep and lambs during 2000 totaled \$3.04 million, up 3 percent from the prior year.

New York wool production during 2000 totaled 304,000 pounds, down 9 percent from the 1999 total. The average price received for wool decreased 54 percent to 13 cents per pound, compared with 28 cents in 1999. The value of production, at \$40,000, decreased 57 percent from a year earlier due to lower prices.

HONEY

Honey production from beekeepers with five or more hives in New York totaled 4.64 million pounds during 2000. This total is down 4 percent from the 1999 production of 4.83 million pounds.

The 2000 production was extracted from 58,000 colonies, down 16 percent from the 69,000 colonies in 1999. Honey yield per colony averaged 80 pounds, 14 percent above the 1999 yield. Honey stocks on hand across the State as of December 15, 2000 totaled 2.27 million pounds, an

increase of 9 percent from the 2.08 million pounds a year earlier.

Prices received by beekeepers in New York averaged 55.0 cents per pound for all methods of sale during 2000, 17 percent less than the 1999 average price of 66.0 cents. Value of honey production for the State in 2000 totaled \$2.55 million, compared with \$3.19 million in 1999.

TROUT

New York trout producers sold a total of 139,000 pounds of trout valued at \$615,000 during the 12 months ending December 31, 2000. This production, which includes foodsize fish, stockers, and fingerlings, was down 13 percent from the production total of a year earlier. Value of production was down 12 percent from a year ago.

The 2000 output included 80,000 pounds of foodsize trout averaging \$4.11 per pound in value, 54,000 pounds of stocker trout averaging \$4.53 per pound, and 5,000 pounds of fingerlings. Foodsize fish averaged 1.04 pounds in weight, while stockers averaged .43 pounds. Poundage of foodsize trout sold was down 14 percent from 1999; stocker poundage also dropped 14 percent.

POULTRY

The combined value of New York produced eggs, broilers, and turkeys, plus the value of sales for other chickens, was \$62.0 million for the year ending November 30, 2000. This total is up 9 percent from a year earlier. Increases in the value of eggs and turkeys produced more than offset a decrease in the value of broilers. Of the 2000 combined value, 84 percent was derived from eggs and 9 percent from turkeys.

Egg production in New York during the 2000 year totaled 1.11 billion, up 9 percent from a year earlier. Egg prices averaged 1 percent higher, increasing from 55.6 cents in 1999 to 56.4 cents in 2000. The resulting total value of \$52.3 million was 11 percent above the 1999 egg production value of \$47.1 million.

million pounds, up 4 percent from 1999. The average price of 43 cents per pound was down 1 cent from the 1999 price. Value of production totaled \$5.3 million, up 2 percent from the 1999 level of \$5.2 million.

Broiler production in New York for 2000 totaled 11.8 million pounds, up 7 percent from a year earlier. The average price per pound decreased 3 cents from 1999 to 36 cents in 2000. Value of production for 2000 totaled \$4.2 million, down 1 percent from \$4.3 million in 1999.

The poundage of other chickens sold in New York (*excluding broilers*) during 2000 was up 3 percent from the previous year. Prices also increased, resulting in a value of sales of \$106,000, up 108 percent from \$51,000 in 1999.

Statewide turkey production in 2000 amounted to 12.4
